

## Wells Recreation Ground Trust Management Group

Wells City Council took over ownership of the Bishop's Barn and Recreation Ground last summer. Since then a management has been set up with members of the public and 4 Councillors on the group. (Cllrs Agabani, Powell, Butt-Philip and Powell)

The Open Spaces team have been busy keeping the Recreation ground tidy. The Management group is hoping to host an open day in April/May for a public consultation and once the necessary health and safety checks have been put in place it hopes to open the Barn for public use.

The management group has been hosting regular public meetings in the town hall and hopes eventually to form a 'Friends of' group, so as to attract grants and get public involvement.
