

## Exciting New Sunday Markets

A brand new programme of Sunday event markets are coming to Wells City Centre, bringing new themes, traders, and a different experience from our Saturday markets. These 6 new markets will take place throughout the year offering residents and visitors an expanded range of stalls and activities.

### 2026 Sunday Market Dates

- 14 June
- 12 July
- 9 August
- 13 September
- 8 November
- 12-13 December – Two day Christmas Market

The programme will culminate in a spectacular two day Christmas Market on 12th – 13th December, which will be spread throughout the town centre. This festive weekend will showcase even more stalls and be accompanied by displays and family friendly activities, creating one of the biggest seasonal events the town has hosted.

These Sunday markets represent an exciting addition to the city's events calendar, creating further opportunities for local businesses while encouraging residents and visitors to enjoy the city centre throughout the year. Wells City Council will be operating these markets as a pilot programme during 2026, with the intention that, if successful, additional Sunday and special event markets may be introduced in the future.

### Important Information for Stallholders

We want to make participation as accessible as possible. Stallholder fees will remain the same as our previous markets, ensuring affordability for traders. However, it is important to note that these Sunday markets are a separate event from our regular Saturday market. The application process will be different with full details on how to apply being released shortly. We encourage traders to read the new guidance carefully before submitting an application.
