

WELLS CITY COUNCIL

HOW TO APPLY FOR A COMMUNITY GRANT

Information for applicants

Charitable, voluntary and community organisations serving the City of Wells may apply to the City Council for small financial grants. The Council has allocated a budget of £9,500 for the year 2024-25 to fund these community grants.

Any organisation applying must be able to show that its purpose is for the benefit of those living or working in the City of Wells.

Only one application will be considered from any organisation in each financial year.

Retrospective applications will not be considered.

The initial request for a grant should be sent to the Town Clerk/Finance Officer who will give general guidance. You should provide background and financial information about your group including accounts, details of a specific project and the amount you are requesting. Incomplete applications will not be considered.

The Council's grant-allocation power is limited by legislation; the Town Clerk/Finance Officer will be able to advise if your application falls within the remit of the Council; the application will then go forward for a Committee decision.

Allocation of grant funding is decided by the Finance Committee of the Council at either the September or March meetings only.

The decision of the Committee is final.

All applicants are asked to send a representative to attend the meeting of the Committee in order to present the application and answer questions.

The Town Clerk/Finance Officer will arrange details with you for your attendance. Any non-attendance could result in your application being delayed or refused.

Please submit your application in the first instance to:

POLICY FOR AWARDING COMMUNITY GRANTS

Finance Committee

Wells City Council has adopted the General Power of Competence (Localism Act 2011); under this power, the Council may choose to award grants in much the same way as an individual might give funds to a good cause. However, the Council must consider its responsibilities and duties to its electorate and has therefore laid down the procedures set out here, to guide equitable and transparent use of public funds. The Council's power to give grants is delegated to the Finance Committee.

1. The Application Process

The Town Clerk/RFO will receive applications and advise applicants whether the Council has the legal power to make the grant. They will issue the information sheet and guide applicants through the process. They will assist applicants and make arrangements for them to attend either the September or March meetings of the Finance Committee at which the committee will consider grant applications. All applicants are asked to send a representative to the meeting of the Committee, to present background information relating to their application and answer questions from Councillors. If you are unable to attend this may result in your application being delayed or refused.

2. The Selection Process

- a. In awarding funding, the Committee members will be mindful at all times that the grants are given from public money raised from the council tax payers of the City of Wells.
- b. The applicant must satisfy the Committee that the grant will be used for the benefit of those living, working or studying in the City.
- c. The applicant must satisfy the Committee that there is financial need for the grant to be given, and provide evidence of financial status including accounts and good management.
- d. Only **one application** will be considered from any organisation in each financial year to a maximum of £500.
- e. Retrospective applications will not be considered.
- f. Grants will not normally be given to individuals.

3. After receiving a grant

If requested by the Council to do so, the organisation must produce evidence to show that the grant was used for its intended purpose, and within the expected timescale.
